### Model and Specification

Series	Crystal Series					
Model	R0860BA	R8060BA	R0030AA	R8030AA	R0030AQ	R8030AQ
Color	Monochrome	Monochrome	RGB			
			Red	Green	Blue	
Rated Power(W)	24	28	9	9	9	9

Input Voltage(V): AC100~240  
 Working Voltage(V): DC12  
 Operating Temperature (°C[°F]): -25 ~ 60[-13~140]  
 Storage Temperature (°C[°F]): -40 ~ 70[-40~158]

### Dimension and Connection Illustration

### Installation and Use

#### 1. Instruction of Monochromatic Strips :

Product parts and Tools Required:

### Installation Procedures

01 Clean the mounting surface and keep it clean.

02 Cut the strips to achieve the desired length.  
 ⚠ Note: Please cut the strips at the printed marks.

03 Peel off the adhesive tape gradually, and stick them on the mounting surface.  
 ⚠ Note: Forbid peeling the adhesive tape once to avoid the strips stuck together.

04 Locate the mounting position and stick the strips on the mounting surface.  
 ⚠ Note: Don't press the LEDs.

05 The strips can be bent on the mounting surface.  
 ⚠ Note: Don't bend it to right angle.

06 Plug the interface of the strip into the Power Supply.  
 ⚠ Note: Forbid operating with power on!

07 Turn off the switch, and energize the power supply, then you can control the LED strip with the switch.  
 ⚠ Note: Keep the power supply with switch control out of reach of children!

#### 2. Instruction of RGB Strips :

Product parts and Tools Required:

### Installation Procedures

The installing steps from 01~05 are same as monochromatic strips.

06 Plug the interface of the strip into the controller.  
 07 Connect the controller to Power Supply.  
 08 Turn off the switch, and energize the power supply, then you can control the LED strip with the switch.  
 ⚠ Note: Keep the power supply with switch supply and controller out of reach of children, and place the connector of controller in the open environment.
