

OUTDOOR SERIES

Outdoor series includes tube A frame and Tube Barricades, Outdoor Tube A frame have 100cmx100cm; 100cmx200cm; 100cmx300cm three kinds of design which can meet different size demans for outdoor advertising, and tube coming with button connection make the assembly easier and fast, we can also hold the frame with spikes or add some waterbags to make it avoid the strong wind outside, Tube Barricades using 6mm thick steel base which will be more stable for indoor and outdoor advertising, or even you can add more weight to hold the frame also.
